
GREAT BRITISH BATHROOM FURNITURE

MADE BETTER BY

ELLIS

 **MADE
BETTER
IN BRITAIN**

MADE BETTER IN BRITAIN SINCE 1891

We're proud to still be a family-owned business, with the fourth Ellis generation now at the helm. With over 130 years' experience creating beautiful bathrooms, we take as much care over the craft today as our great grandfather did. So whatever vision you have for your space, you can be assured you'll be buying the best bathroom products on the market, built with love and made to last.

By creating bathrooms that are made better, we've earned a deserved reputation for high standards, outstanding attention to detail and exceptional value for money. This makes us one of the most trusted brands in today's marketplace.

All our ranges are handcrafted by skilled tradesmen using conventional cabinet making skills. We use a unique 'double glue and dowel' system for a stronger build process which is not common in the industry. This means you can be safe in the knowledge that your Ellis bathroom furniture will last for a lifetime.

Our beautiful bathroom furniture is all made to order specifically for your space and delivered to your local retailer in a maximum of just three weeks.

Simply Register your guarantee online for complete peace of mind. This guarantee covers all furniture manufactured by J.T. Ellis. Sanitary ware, brassware and all non-Ellis manufactured products carry their own guarantee.

OUR HISTORY...

1891

J.T. Ellis establishes the company, manufacturing baptism fonts and church furniture

1940s

J.T. Ellis manufacture school furniture, writing bureaux and aeroplane wings

1960s

Third generation of the family, Roger, Charles and James join the business

1990s

Tom & Richard (J.T. Ellis' great grandchildren) join the family business

2020s

Investment made into the very latest automated production machinery for enhanced efficiency, quality and scale

1920s

Second generation of the family, Bill, Edward and Tom join the business

1950s

J.T. Ellis begin manufacture of domestic kitchens for housebuilders and retailers, including Harrods

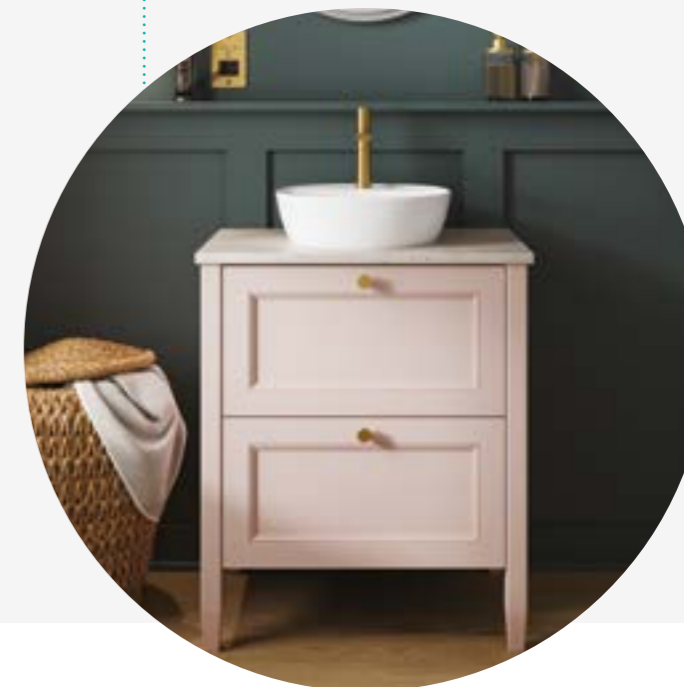

1980s

New factory built on Silver Street Huddersfield for expanding operation

2000s

J.T. Ellis continue to manufacture quality kitchen and bathroom furniture at the Huddersfield factory

A WORLD OF POSSIBILITIES

Whatever the shape and size of your bathroom, Ellis furniture is designed to fit just how you want it. With a huge range of units to choose from, built to slot together in almost any combination, as well as numerous finishes and colours to ponder, there is virtually no limit to what we can create for you. Whether you opt for modular furniture or a seamless fitted solution, the world is your oyster.

PRICE BAND A & B

Our price band A & B bathrooms include 9 ranges covering 51 colours and finishes. They are available in a wide range of floorstanding and wall mounted options, including space saving units. To order your furniture simply choose your preferred style, colour and dimensions.

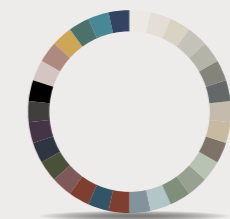

PRICE BAND C - THE 1891 COLLECTION

30 hand painted colours and a choice of 5 door styles. Our beautifully crafted 1891 washstand collection is available in a palette of 30 on-trend water based paint colours which reduce our impact on the environment without compromising on quality.

To order your 1891 furniture, simply choose your preferred style, colour and dimensions.

COLOUR LIKE NEVER BEFORE

Colour is bolder than ever in bathroom design, so be brave and go where your imagination takes you. Mix and match or keep it simple... the choice is yours.

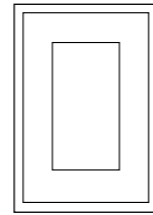

81
FINISHES
AVAILABLE

SHOP OUR RANGE IN 5 EASY STEPS

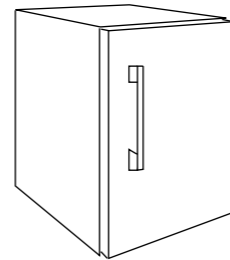

01 CHOOSE YOUR DOOR STYLE & FINISH

Start by selecting your perfect door style and color to complement your bathroom's finish and reflect your unique personality

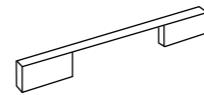

02 CHOOSE YOUR CARCASE COLOUR

Select your preferred carcass colour, either to match your door or to contrast to create a truly individual style. (see page 72 for colour options)

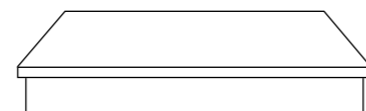

03 CHOOSE YOUR HANDLE STYLE

The right handle selection and positioning can transform the look of your bathroom, from ultra-modern to elegantly traditional. Choose from our wide range of handles. (see pages 76-77 for options)

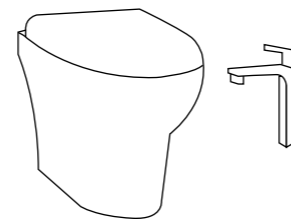

04 CHOOSE YOUR WORKTOP

Choose from our range of worktop materials including laminate and composite stone all available in classic and contemporary finishes. (see pages 78-79 for options)

05 CHOOSE YOUR TAPS AND SANITARYWARE

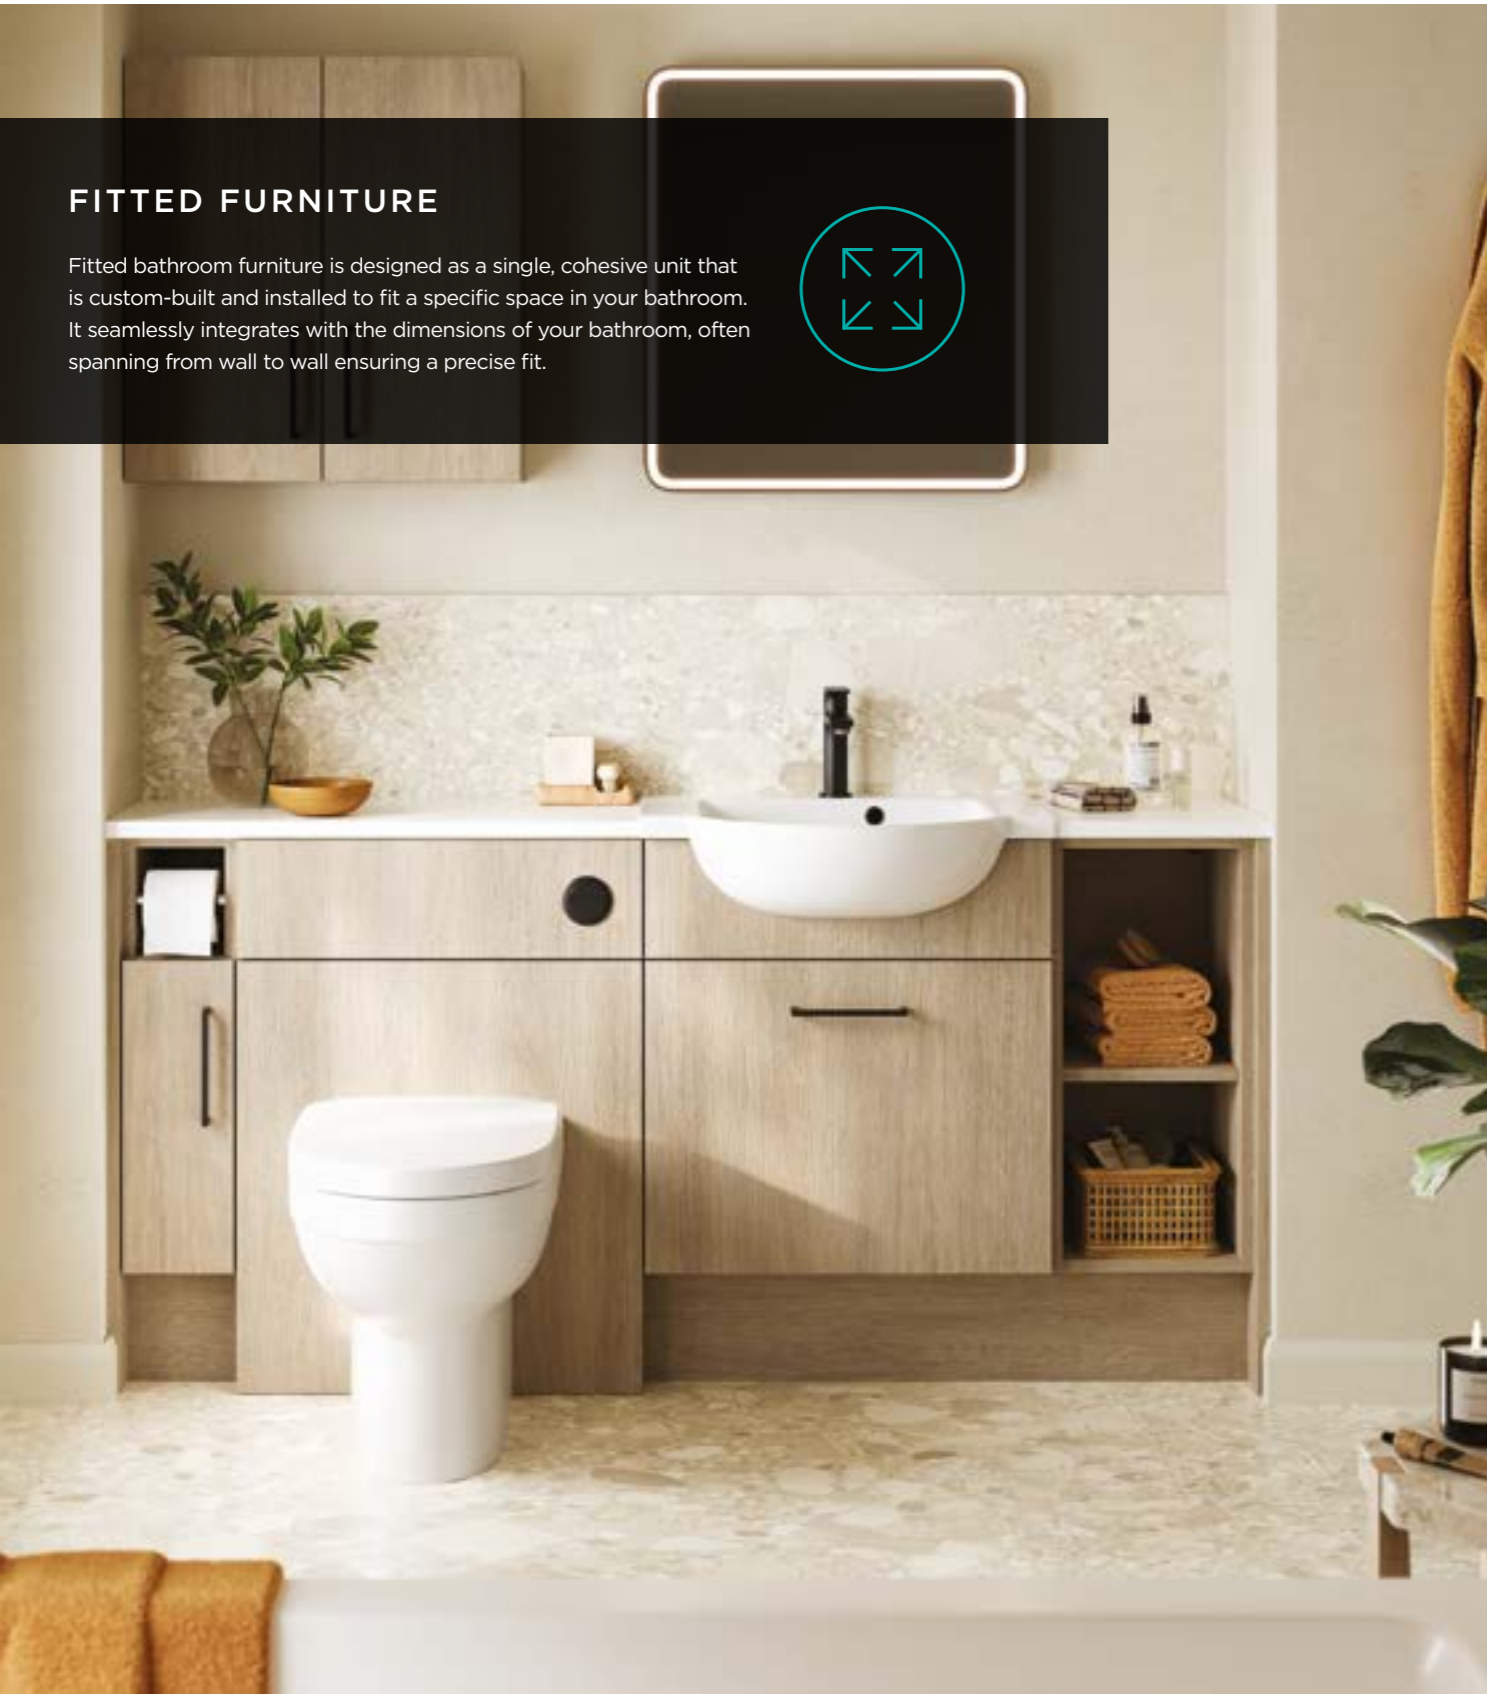

Taps and sanitaryware can have a major effect on the overall look of your bathroom. Choose from our contemporary, classic and traditional styles. (see pages 80-89 for options)

FITTED OR MODULAR FURNITURE?

FITTED FURNITURE

Fitted bathroom furniture is designed as a single, cohesive unit that is custom-built and installed to fit a specific space in your bathroom. It seamlessly integrates with the dimensions of your bathroom, often spanning from wall to wall ensuring a precise fit.

MODULAR & WASHSTAND FURNITURE

Modular and washstand bathroom furniture offers versatility and ease of installation. It allows you to mix and match individual pieces to achieve a personalised setup. Modular and washstand furniture generally sits independently from other fixtures in your bathroom, such as your toilet, and is available in either floor-standing or wall-hung options and requires less space compared to a fully fitted bathroom.

PRICE BAND A

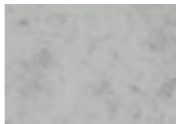

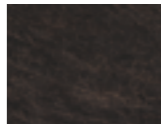

Our four Price Band A ranges Stretton, Novo, Remo and Azura are on colour matching carcasses and are available in a wide choice of solid colours, natural woodgrains and mid gloss finishes. Browse the following pages to see these ranges in a variety of finishes and how they can bring life and tranquillity to your new bathroom.

Unity Basin Furniture Design

The Unity basin requires a 600mm basin unit to be positioned at one end of the design to accommodate the basin placement.

Unity Basin Sizes

All Unity basins are 1558mm wide and come in two depths:

Medium depth

Slimline depth

The basins are designed to be cut to the required length on-site using regular woodworking tools, making them adaptable to various bathroom layouts.

Unity Basin Waste and Overflow

The Unity basin features an integrated overflow, ensuring quick installation and a hassle-free experience over its lifespan.

Unity Basin Tap Positions

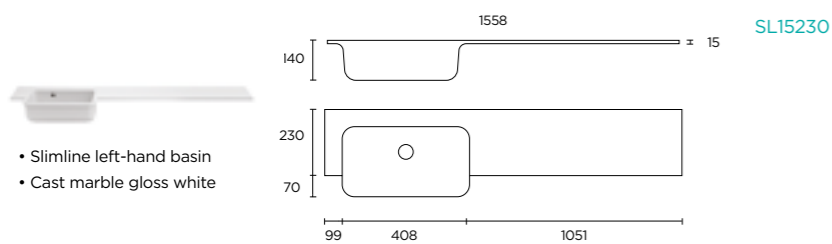

The underside of the Unity basins includes tap hole templates in the centre, left, and right positions, allowing flexibility in tap placement.

If a wall-mounted tap is preferred, the pre-marked holes can be ignored.

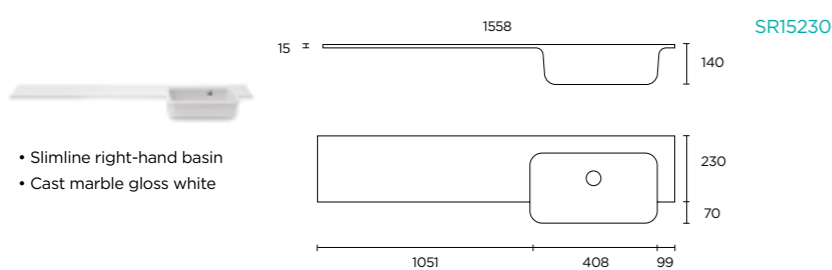

Dimensions

W x D x H (mm)

Unity Slimline Depth Left Hand Basin Worktop

Unity Slimline Depth Right Hand Basin Worktop

Unity Finishing Kits

To refinish any cut edges that will be visible, two types of finishing kits are available. These should be ordered at the same time as the basin:

Touch-Up Kit - KITLUC1

A simple-to-use system designed to restore a consistent polished finish to any cut edge.

Gelcoat High-Gloss Finishing Kit - 5120001

An advanced finishing system for achieving a high-gloss factory finish.

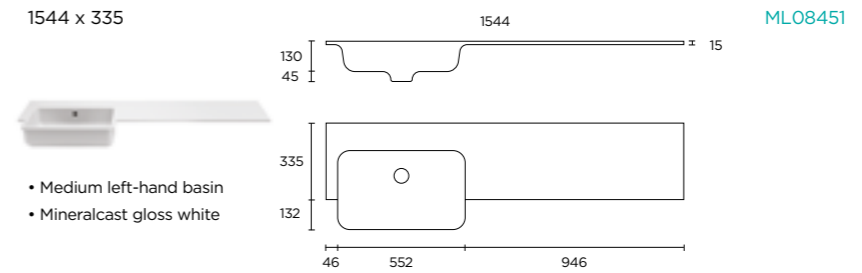

Installation Instructions

Full installation instructions are provided with every Unity basin to ensure a smooth installation process, matching the sleekness of the worktop finish.

We offer a guarantee, from date of purchase, in respect of faulty materials or workmanship on all products manufactured by Ellis.

This guarantee is limited to domestic use only by the end user and is based on all products being used in the manner for which they were intended and will be invalid if the products have been abused or misused in any way. The guarantee does not cover general wear and tear. Should a product or part of a product fail during the guarantee period, we will offer a replacement part or a product of nearest available equivalent. Liability is limited to the individual product and does not cover any consequential loss, damage or further installation costs incurred. The guarantee does not cover electrical goods.

For full terms and conditions please contact our offices.

COLOUR REPRODUCTION

Whilst every care has been taken to ensure that the contents of this brochure are correct at the time of going to press, the information is for guidance only. All colours shown are reproduced as faithfully as the four colour printing process will allow.

AMENDMENTS

Our policy is one of continuous improvement. Ellis reserve the right, therefore, to amend specifications without prior notice.

SOLID TIMBER AND VENEER FINISHES

J.T. Ellis & Co. Ltd. does not guarantee to provide totally matching colours, this is due to the many different materials used in the construction of our furniture. Some shade, colour and grain variation is a natural feature of all real timber due to the natural composition of the material. Even timber taken from the same log will often show variations when stain and lacquer are applied. Since our furniture is made up of a combination of different materials, some natural and some man-made, there are inevitably some variations. J.T. Ellis & Co. Ltd. works very hard to minimise these variations.

CARE AND MAINTENANCE

Most everyday stains may be removed from units, door fronts and worktops by cleaning with a cloth dampened with soapy water. Do not use any abrasive cleaning agents or scouring pads, wire wool or any similar cleaning aids. Spillages should be wiped off immediately as any liquids left standing can cause damage to worktops, units and plinths. Never chop food or place hot dishes directly on worktops or sinks.

INSTALLATION

Installation should only be carried out by appropriately trained installers. Ellis cannot be held responsible for damage to products during installation, nor for deterioration of product caused as a result of faulty installation.
